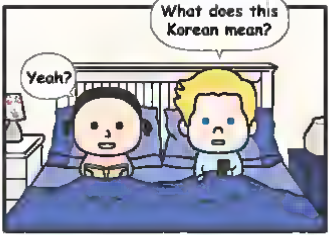
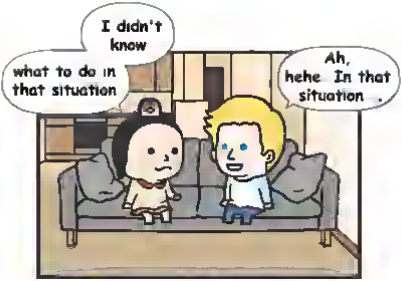
We are teachers

Penguin ond Mev are always being students
learning from each other ond
teachers teaching each other.



Whether the question is obout language or culture...



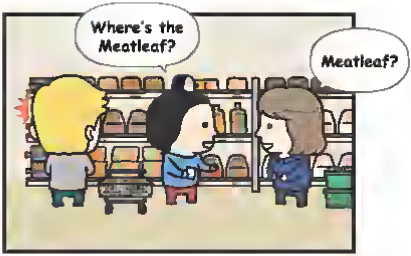
... they always try to help each other and are happy that they can help

On the way to go shopping

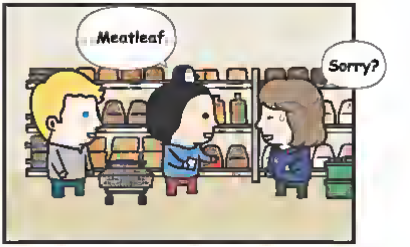
Penguin asked a question.

And an answer came straight out.

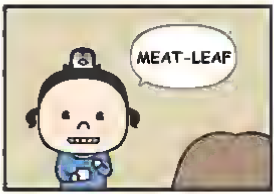
But there is a problem.



Where's the Meatleaf?
Meatleaf?



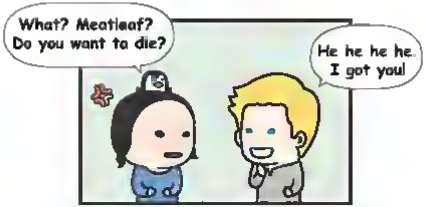
Meatleaf.
Sorry?

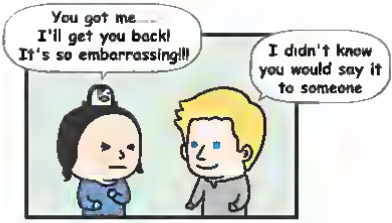


MEAT-LEAF

Sorry Haha
She meant "Maltloaf"
Ah~ It's on special offer. So it's been moved over there.

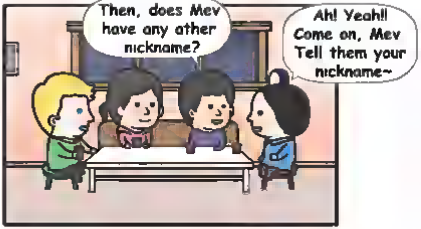
The problem is that sometimes they turn into bad teachers and give each other the wrong information as a jake.



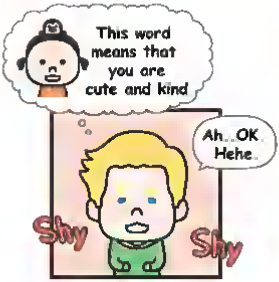


Penguin was tricked by Mev this time. But...

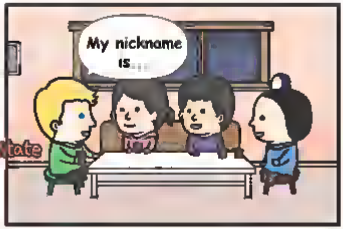
... the joke started
a few years ago in Korea.



Then, does Mev have any other nickname?
Ah! Yeah!! Come on, Mev Tell them your nickname~



This word means that you are cute and kind
Ah...OK. Hehe.
Shy
Shy



* Farting machine

The battle started at that time

Even when
I'm old and grey,
I'll still give you
the wrong information
sometimes!

So will I!!
